LOOKING BACK AT THE SEVENTIES. . .

# 78-1979 INTO THE EIGHTIES!!

Looking back. We all do it, we call it nostalgia. It's fun to think about the great times of the decade of the 70's. We saw a lot of things change at Pekin during that time. The voters of the district provided us with a fantastic new school for our elementary and middle school children. Our football team fought its way to the state playoffs twice. We had a state championship track team as our boys took top honors. Our girls basketball team narrowly missed a state berth in a game called the "greatest offensive display ever witnessed." We took top spots in all major sports in the Blackhawk conference one year, the first time our boys basketball team had ever won the crown. Our wrestlers always have participants in the state meet. Academically, our school has to rate with the best, and student for student, we may have the best school in the state of Iowa!! No matter what area of participation in which students decides to involve themselves, be it music, sports, cheerleading, dramatics, journalism, agriculture, or any other, the opportunity is here. I began this decade of the 70's here at Pekin. Sure, I look back, too. But we must look forward to the 80's and have faith that they, too, will offer us moments of greatness as Pekinites. Keep this record of this particular year at Pekin. Look back on it, and remember it as you do all the years of the 70's.

## SUPERINTENDENT OF SCHOOLS

The 1979-80 school year has passed swiftly and has been a very smooth and productive year. We are extremely happy with the new school building, and the staff, students, and all other personnel enjoy the conveniences it offers.

We are gearing up for team visitation next October for the purpose of looking over every aspect of our school system. The team will be comprised of some sixteen to eighteen individuals who will suggest any possible improvements we might make. The team will consist of State Department of Education individuals as well as people selected at random from other schools. They were asked to pay us this 3-day visit so that we might improve our system wherever possible.

Best wishes to all the seniors this year. We have enjoyed having you around for this brief time in your life and sincerely hope that we have helped arm you for your struggle to success.

—James A. Rood, Superintendent

## PRINCIPALS

Mr. Richard Swanson, Board President 1979-80

To the staff, students, and others that have been a part of making this an outstanding school year, I want to say, "Thanks." It is enjoyable to see the number of students that take part in the many activities at Pekin. I know that in years to come you will look back with pride at the many things you were able to do as a student in the Pekin school.

To Mr. Spence and the yearbook staff, I would like to say congratulations on a yearbook that will bring back all those good times.

Mr. Joe Morgan,  
High School Principal

I would like to take this time to thank the patrons of this district for providing us with the fine physical plant with which to educate your children. I'm reminded of a comment by a student from a visiting school who said, "If we had a school like this, it would be fun to go to." We have a good staff and plan to continue giving your child the best education possible.

Mr. Sam Ritchie,  
Elementary - Middle School  
Principal

Ideally, this page should be at the front of the book but due to shipping sections of the book at different intervals throughout the year, we held it back until the very end of the high school section. We certainly hope that you have enjoyed the book up to this point. There is more to come. We would ask you to be patient with us in case there would be an oversight or possible error on our part as we compile this record of the year's events. We try to give you as a complete a compilation as is possible. The senior section in color is a new adventure for us here and we feel it makes a nice touch. Look through the book, try to find yourself in all the pictures. It's been an enjoyable experience.

We would like to give our heartfelt thanks to our advertisers for this year's patronage. We realize that in these days of economic uncertainty that giving funds to help us with the production of our book is really going out of their way. We would ask you readers to pay close attention to the firms and groups who advertised in this annual. Patronize them, they are wonderful supporters of your school system. Thank you, one and all.

## IN MEMORIAM

### IN MEMORY OF DOUG HARBOUR

The tragic death of Doug brought much sorrow to all of us, but at the same time it brought peace to our minds. To know that Doug's life would be more rewarding from Heaven than it would have been on Earth.

We will always miss Doug's enthusiasm and activeness in everything he did.

Doug's death should teach us all a lesson: Not to take our life for granted and to always be ready. I know Doug was ready when he squeezed my hand for he was showing me he had peace within himself and peace with God.

The second semester we made a new friend with the enrollment of Jay Pettyjohn here at PMS. Photos and excerpts from an article by Becky Easton in the AEA Ed-Line were used for this page and make interesting reading about this special kid. "In most ways, Jay Pettyjohn is an ordinary eleven-year-old boy. He is a good boy, for the most part. He is likeable, easy going, and interested in all the tales and topics that occupy the minds of most sixth-graders. He likes school and does well in his studies. But there is one large difference between Jay and most other eleven year olds. Last June, Jay suffered a stroke . . . . . As you can see, Jay's physical problems could have placed an enormous obstacle in the way of his educational progress. Luckily, Jay was blessed with two understanding school systems who cooperated to work out the difficulties . . . . . Jay had been attending the Fremont Community School, located just a few blocks from his home; because of the stroke damage, this plan was no longer suitable. In the words of Fremont superintendent George Starceovich, the problem was "simply the fact that our building is just not built for anyone who needs to be in a wheelchair.

. . . . . The recently built Pekin school was constructed with mainstreaming in mind. The classrooms are all on one floor, and the wide doorways can easily accomodate wheelchairs . . . . . On Friday, November 16, Jay came home from the hospital at Iowa City, and on Monday, November 19, he began attending regular classes at Pekin . . . . Jay's relationship with his classmates has been extraordinary. Even though he is new to Pekin, his mother said, "It's just like he'd been there all his life." "All students have accepted him. Some have taken a special interest," according to Mr. Ritchie. He also pointed out, "It's been a rewarding experience for the other children." Jay Pettyjohn is a fun-loving yet brave boy who patiently, persistently tries his best. He never gets angry, never shows frustration, never gives up hope. "Jay just wants to be treated like a normal child," Mrs. Pettyjohn said . . . . . With the cooperation and concern of the staff and students of the Pekin and Fremont Community Schools, Jay's wish is coming true.

A talented group of eighth graders presented a musical version of Tom Sawyer this year. Cast as Tom was Tim Davis with Doug Atwood as Huck. We commend them on their performance as they were aided by a super supporting cast.

# BILL ANDERSON - OUTSTANDING EDUCATOR

In the spring of 1979 the Pekin Education Association selected Mr. Bill Anderson as the first recipient of their Outstanding Educator Award. Later that year he was entered in the Department of Public Instruction's Teacher-of-the-Year competition. We are proud to say that second runner-up to that award went to our Mr. Anderson. We recognize this fine teacher for his hard work and efforts which have made him such a fine educator of the Pekin students. His constant search for inspiration and motivational techniques is well-known among his colleagues and to his students. We salute him!!

As we close the door on another year of school here at Pekin we put another year of memories into this record of 1979-80. We hope that as you look back in the years to come that the photographs which are contained in this copy of PEKIN '80 will cause you to reflect with fondness this wonderful year in your life. We wish all the luck in the world to the class of 1980 as they venture out into their future and at the same time we encourage this year's kindergarten class to strive in everything they do in the years ahead to become responsible citizens of this community, this state, country and world. Into the 80's, looking ahead.
